We appreciate your interest in CLC Preschool. We believe the truths of God's Word should be taught at the earliest age and be continued through the adult years. It is our firm belief that the Word of God and its message of redeeming grace through faith in the Lord Jesus Christ is necessary and the only adequate foundation upon which any educational program can be built. We feel that the educational institution should provide a distinct Christian philosophy and atmosphere and include Biblical studies as a regular part of its curriculum. This is necessary to obtain a well-balanced education that views all knowledge in light of Biblical truth. We offer an educational program using an array of carefully chosen curriculum, which emphasizes the fundamentals of education. We believe that our children should have careful instruction leading them to an ability to read with understanding, write and speak clearly and accurately, with emphasis on the individual needs of each student by goal-oriented achievement.

It is our desire to instill within each student a sense of high regard for spiritual and moral standards. The absence of God's Word from other educational programs is the major cause of low spiritual and moral standards. We believe the Lord teaches us to excel academically, as well as spiritually, therefore we are constantly striving for the highest academic and spiritual standards.

Calvary Learning Center Preschool recognizes that it cannot meet the educational needs of all children. It is a school offering a high quality of Christian training but is not designed to be a correctional institution for problems arising beyond those usually encountered in average school children. While we love delinquent and emotionally unstable children, the school may not be equipped to meet certain needs. Some children do not adjust to a disciplined academic environment. Some students and parents find excuses to criticize the policies and decisions of staff and administration. In such cases, the school reserves the right to have full discretion in the discipline, to place students on probation for a reasonable corrective period of time, and to dismiss any student who does not cooperate, or who's parent(s) do not cooperate with the total educational process. Calvary Learning Center Preschool admits students of any race, color, and national origin. Our basic objectives are as follows:

*Assist each child in discovering and developing his God-given talents.

*Promote self-discipline.

*Eliminate failure and repetition.

*Provide better opportunities to meet individual differences in pupils.

*Help each child to learn to honor the Lord Jesus Christ.

*Build family unity and loyalty centered around the person of Jesus Christ according to Deuteronomy 6:7-8.

Legal Custody Policy 2023-2024

A single parent, grandparent, or a foster parent must provide written documentation of the legal custody of the child /children enrolled, i.e. a court decree or private settlement agreement. Only the person who has legal custody of the child/children has the authority to make decisions regarding the child's/children's education. If divorced parents share legal custody of the child/children and provide written documentation to the school, both parents must agree on decisions relating to matters of education and medical care.

Grandparents and foster parents still need approval from the child's/children's parents regarding educational decisions. Legal custody of a child/children must be established before enrollment is completed.

All legal custodians are required to adhere to the following:

- A. Sign the Parent Agreement.
- B. Foster parents must provide the school with legal papers that show they have legal custody and authority to make educational decisions for students enrolled.
- C. If a foster parent does not have sole legal custody, signed authorizations from both noncustodial parents and from the foster parents, must be provided for children who are enrolled.
- D. If a grandparent is merely a babysitter and does not have legal custody, the Parent Agreement must be signed by both the parents and the grandparents.
- E. Enrollment will not be complete until permission to enroll the child/children is given, in writing, by the parent named in the official custody papers as having authority to make decisions regarding the child's/children's education.
- F. Any restrictions in the official custody papers, not in keeping with official school policy will negate enrollment. Such restrictions may include:
 - a. after school pick up
 - b. free exercise of religious instruction
 - c. standard of conduct.
- G. Written directions as detailed in the official custody papers will be followed relative to:
 - a. Calls in the event of an emergency, if the child fails to attend school, or if there is a discipline problem
 - b. receiving school notices
 - c. accessing the student's records.
- H. If a noncustodial parent is unavailable or the whereabouts are unknown, the person with legal custody must provide a signed affidavit disclosing such details and give information about plans to sever the absent parent's right to legal custody.

Parent Agreement 2023-2024

We the undersigned parents or guardians of _____ do hereby request enrollment in Calvary Learning Center Preschool for our child. We know the Bible places primary responsibility for education on the home, especially the father, and we request this school to assist us in meeting this responsibility. It is our conviction that our child must have an academic education based on the Word of God and its teachings. We hereby certify that we request this school to operate on our behalf with the following understanding.

1. I understand that it is an effort of this school to meet the needs of the families of the church and the community to train up our children in the way that God would have them to go, and the Bible teachings will be reflected in all the affairs and teachings of this school.
2. I understand that it is expected of our family that we will maintain a family and church life that is consistent with the teachings of the Word of God. This should include regular prayer and Bible reading, church attendance, and the loyal support of the school ministry.
3. I understand that we expect the school to exercise consistent Biblical discipline and that we will honor the judgment about the necessity of such discipline should it be recommended.
4. I realize that from time-to-time children take issue with actions with which they do not agree, and they are prone to criticize statements out of context. This being normal for children, I pledge that should such occur, I will not support the criticism: that I will correct my child, support the school personnel, and call for full details at any time I have a question about any incident.
5. I understand that my children may be diagnostically tested and prescribed curriculum at their academic level of achievement.
6. I further realize that building strong relations with my child's teacher to aid in the training of my child is as much my responsibility as it is the schools. I will pray for the staff and the program, cooperate with them in discipline, accept their judgment in all such matters, lay a spiritual foundation through Godly

example in the home, support spiritual training of chapels, follow through with any work assignments or slips that need to be signed, see that my child reaches school on time, send written excuses for absence or tardiness, cooperate in training my child to respect school property and pay for irregular abuse of the same, attend all parent functions, and assist in promoting the school.

7. Parents or students who are not in harmony with the school standards or programs will be asked to submit to the program; if they will not, the parents will be asked to withdraw their child.

8. I realize that attending Calvary Christian Academy is a privilege and not a right. It is my intention to abide by the decisions and support the discipline of the administration.

I have read the information materials furnished and agree to insist that my child submit to the program's academic and disciplinary regulations and all other requirements instituted by the administration and carried out by the faculty.
